I'll call you around 1 -I have knee surgery scheduled for Friday and have been getting my preoperative clearances...

> "LaPoma, Jennifer" <LaPoma.Jennifer@epa.gov> 3/24/2014 11:19 AM >>>

Rob,

Do you have some time to touch base today? I'm free anytime today except 4:15-5:15.

I'm also available anytime tomorrow up until 1 pm.

Should need 30 minutes max. I'm available at 212-637-4328.

I want to follow up/touch base on:

- Submission date of HHRA and BERA. Current RI/FS schedule has submission on 4/11/14.
  - o Also, clarification on hardcopy request.
  - Status of NJDEP's request from last tech mtg for table from HHRA that has sample IDs for 143 samples representing potential public access areas.
  - o Also, heads up on a potential NJDEP request for RM10.9 figures. I've sent over some other figures, which may meet NJDEPs needs.
  - FSWP comments
  - Next technical meeting - May 8<sup>th</sup>
  - RM 10.9 O+M- expected submission of response to EPA's comments and of O+M plan.
- + anything else you may want to discuss.

Thanks in advance,

Jennifer LaPoma
